

# Production Technician

---

We are looking for hardworking and dedicated people ready to make a contribution in a fast paced environment. We are hiring through a temporary agency with an opportunity to convert to a full time employee after 90 days on assignment depending on performance and business needs.

Our Production Technicians use standard operating procedures and statistical process controls to set-up and operate manufacturing equipment. Current openings are available in cleanroom and non-cleanroom environments. We are looking for both day and night positions, 12 hour shifts. Computer skills, High School Diploma or GED and solid work history is a must.

Previous manufacturing experience is not required.

We are located in the north valley, just off of the 101 and Tatum Boulevard.

Positions start at \$12 an hour plus 15% night shift differential.

**Please send resume to [HR@sumcousa.com](mailto:HR@sumcousa.com).**

We look forward to hearing from you!

Thank you!
