Quality Engineer I

We are looking for an APPLICANT to join our U.S. Headquarters. Before getting into more detail of the role, here are a few reasons why you'll enjoy being a part of the SUMCO team:

- Competitive Pay
- Excellent Benefits Package (medical, dental, vision, 401K with Company match and no vesting schedule, paid vacation, floating holidays and sick time. Company paid life insurance, short- and long-term disability).
- Monthly Bonus Program up to 10% base salary
- Tuition Reimbursement
- Relaxed dress code
- Wellness program where you earn prizes and money as well as reimbursement towards gym fees.

Primary Responsibilities:

- Coordinate implementation of requirements for new products to ensure proper production of the material to comply with the customer requirements. Interfaces with suppliers/ customers as required. Active member of the Spec registration process.
- Assist in evaluating new measuring techniques, developing economic and technical justification for their use, and in developing standards and visual inspection techniques for use in a production environment. Evaluate metrology through use of appropriate statistical studies, Recommend and coordinate improvement activities based on the results of metrology analysis.
- Coordinate on-line implementation of quality improvement and quality training programs.
- Coordinates and participates in investigations on customer complaints and improvement plans.
- Coordinates and participates in investigations on internal issues.
- Make statistical analysis and develop statistical controls for process parameters.
- Participate actively in the Excursion Team including disposition of potentially discrepant material following OCAP's, RFC's and DMR's as required.
- Participates in the implementation and maintenance of the Process Control System PCS.
- Participates in the Internal Auditing Team and the Change Control Activities of the assigned area.
- May perform other duties as assigned.

Education and Skills Required:

Bachelor's degree in related field or equivalent experience as a quality engineer in a manufacturing environment. Document control systems, auditing, and ISO/TS experience desired.

This position is an on-site position with an annual salary range from $80,000.00, to $90,000.00 depending on education and experience.

Location:

SUMCO is located in the beautiful Desert Ridge neighborhood in north Phoenix. Surrounded by stunning mountain views and just 20 minutes from downtown Phoenix.

Please send resume to HR@sumcousa.com

Posting Statement:

SUMCO is an Equal Opportunity Employer. We maintain a drug-free workplace and perform pre-employment substance abuse testing. All qualified applicants will receive consideration for employment without regard to race, color, religion, religious creed, sex, national origin, ancestry, age, physical or mental disability, medical condition, genetic information, military and veteran status, marital status, pregnancy, gender, gender expression, gender identity, sexual orientation, or any other characteristic protected by local law, regulation, or ordinance.

We look forward to hearing from you!

Thank you!
